Hobbies

Art and Craft

- Making 3d character or stuff using craft material.

Project

Garden Statue

November 2022- December 2022

- Modeled and textured the Garden Statue character for an animation.
 - This animation is about a girl going to a flower garden. Picking flower than sit next to the statue in the garden and use the flower she pick to braid a flower crown.
- Collaborated and took a proactive role in motivating the group and producing work.

Dynamination

August 2024 - Present

- Work for a team capstone on a capstone project of creating a 5 minute animation.
 - This animation is about a student fighting with his teacher. In a fight of either the teacher die or the student die.
- My role in this group is modeling and concept art.
 - Draw a concept art of what our student character may look like.
 - Model the two character(teacher and student).
 - Model the the two character mask they will be wearing.
